WARD TALKS.

Recent Flurry.

Its Cause as Seen from a Prison

His Comments on Wall Street and the Run on the Citizens' Bank.

There is no more interesting character in dinand Ward, the well-remembered Nawith it disgrace to James D. Fish, President of the Marine Bank, sorrow to Gen. Grant in his last days and financial ruin to many others.

which brought him to a felon's cell, Ward possessed abilities as financier of high degree, and were he free, his name would undoubtedly have figured prominently in the chroniclings of the recent flurry in Ward is the prison printer, and it was in

the little job printing office, in a gloomy building within the great prison walls, that an EVENING WORLD reporter had an interesting chat with the man who was accustomed to spend thousands, but who now sleeps in a 4x7x7 stone room and eats heartily of the plain fare which the common laborer-would hardly deign to touch of his

emergency?

now they pour millions into the Bank of England to help avert an international financial convulsion

"Economical living is the secret of their great financial recuperative power. They can live better on less money than any other civilized nation on earth.

Pacific and Villard has lost Northern Pacific-both are remarkable financiers. Gould. with his immense capital, can virtually control the market, and it he has really again entered it the small fry must look out. But Villard will not long stay down. He is an able man, wonderfully fertile of resources, and with peculiar ability for interesting capitalists in his plans.

What do I think of the action of the banks must stand together in such a crisis. Failure to do so would injure all. When people become frightened over the safety of peded cattle. They follow the leader, looklog neither right nor left nor seeing any

langer ahead in their mad flight. "That was the trouble in the run on the Citizens' Bank. But I think the bank was wrong in not taking advantage of the ninety-day clause and refusing to pay out the poor people's deposits.

depositors besides accepting their money, safely investing it and paying them a fair knowledge of finance, their small savings mean much to them, and it is not surprising that at a time when and his conduct is causing Warden Brusmen of millions were very anxious they grave concern. should lose their heads and rush pell-mell to withdraw their little capital upon rumors after resentence a week ago to-day, Juguro no more baseless than many which care bas become very mulish. He refuses to cat, blg investors to hurriedly order ther wrink, sleep, take or take the slightest notice trokers to unload big blocks of stocks,

which, if held, would realize them a profit. "If the bank concluded that it was a good time to get rid of an undesirable class

of depositors, besides saving a large amount of interest, it is especially open to consure. DINNER TWELVE DAYS OFF. SPIRITS WILL GUARD CLARRY CRYING TO WINDOM FOR AID. of depositors, besides saving a large amount

"Knowing that it was solvent and could meet all demands, it was the bank's duty to protect the interests of its ignorant depositors by taking advantage of the ninetyday clause. This would have given them time to realize that their fears were idle, save their interest and prevent them losing their hard-earned savings in unwise invest-

"I think this was the meaning of the law in allowing the ninety-day clause to be inserted in savings bank charters; that they should, in fact, be faithful guardians to the

gruity of his comments on the duties of banks and bankers to their depositors, considering that he is paying the penalty for violating in the most flagrant manner the

He is a model prisoner, looks healthy, does not complain and seldom speaks of his plans upon restoration to freedom. He has become an excellent job printer, and jokingly says: "When I go out I'm going to ask Warden Brush to give me this little

Planning Another H respack Exhi- A Brooklyn Infant Starts Life Backed by Ethereal Sponsors.

The chubby face of a babe, made prominen by the circumstances of its baptism, lay ex posed in the timest of critis them." Succi will be rounding out the thirty-third day posed in the timest of critis this morning at the residence of its parents, Mr. and Mrs. Charles F. Sweet, 110 Livingston street, Brooklyn, when an EVENING WORLD reporter called.

It was no ordinary infant, if you please, but one whose movements on this mundance sphere for themselves the full import—pernaps are to be entirely and exclusively guarded by "empty" import would be more proper—let its affinity in spirit land. This babe was born four months and two weeks ago, and up to last evening it was

free from any name. But it was

tyn ever had a more unique and even weird baptism than did this little twelve-pound cherab of 110 Livingston street. Named not by any mortal was this offspring of the Sweet family, but by the ethereal lips of spirits.

Its parents are firm behevers in spiritualism, and they are that deeply dyed that upon the hirth of this their latest child the mother determined to sllow the naming of the babe to e counded to the spirits of her forefathers. There was no nurry about it, and that is why

There was no hurry soout it, and that is why
she wanted four months.

It was to be a public affair, and cards were
issued to all the Spiritualists in good standing
in Brooklyn to attend at Conservatory Hall,
Philon and Besiford avenues, last night, and
to en the chris sums party.

The Independent Cluo, which meets there,
tencouraged the mother in her resolution and
the members were bressen in a body. The
tweets are members of the Club and a month
ago the baby, the latest Sweet, was ano, led
and made the only infant member.

Medium J. William Fletcher assumed direction of all the spiritualistic coremonics attending the maning of the babe, and not even
Mamma Sweet dared to suggest or even hift
at a cognome for her offspring.

It was leit entirely to the spirits—and to
Fletcher. They did their work well and the
child was prettily named—Charence Flucilo

But after all the baby looks healthy enough
move to survive even the burden of bearing
made at a cognishing manes, spirit-given though
they be.

Succi Is Nervous but Wiry on the Little Clarence Fidelio Sweet Nervousness of Wall Street Unrelieved

by a Five Million Bond Call.

Stocks Continue on the Downward Turn-The Forenoon's Business.

The nervousuess and feverishness of the financial market which were manifested in the closing transactions at the block Exchange Saturday were again the prevailing features of speculation when the market opened this

General apprehensions of a return to the panicky times of the early weeks in November have given the bears renewed courage, and the absence of any substantial buying element in the market has enabled them to have their own way so far. The principal topic of interest among specu

lators before the opening was the bo issued by Secretary Windom late last Saturday night, which is said to have been entirely due to the visit of Mesara. Sel gman and Blis. to Washington last week, and laying before the Administration the serious charac ter of the fluencial situation and the danger which threatened unless some relief was soon

The circular issued by the Secretary state that proposals for the sale to the Governmen of \$5,000,000 of the 4 per cent. bonds of 190 will be received, beginning to-day, and will be continued until the amount stated shall have been purchased.

The general feeling in Wall street this morn ing was that this amount was entirely in sufficient and inadequate to meet the present demands of the situation, and that unless the Tremury D partment could release from \$75,000,000 to \$100,000,000 there could be but little relief obtained.

Secretary Win iom is quoted, however, a saving that the Treasury was now doing as much as it could under the law to release funds, and that to make any larger payment than test which was authorized in the circula it would be necessary to obtain the consent of There was, he said, about \$17,500,000 i

ISPECIAL TO THE EVENING WORLD. WASHINGTON, Dec. 8.—Supt. Forter con-cluded his statement before the Census Committee of the house this morning. He read from the special report of Agent Olcott, who was present in New York during the police count, to show that the adultion

might easily have been incorrect He then read two special telegraphic reports from the two enumerators who counted the Second Ward in June last. These enumerators telegraphed that in some

cases they were not able to get into the houses from which the police report considerable numbers of people. In several cases also, they say, they were retused repties and simply sent schedules enu-

merating the heads of the families and stating that answers were retused. Then Mr. Porter took up the schedules of the tolice and the counts for the Secthe police and the counts for the Sec-ond Ward. He declared that the population of that ward was tarkely a floating one, and said that a comparison of the ham a showed that at leat 45 per cent, of those on the F deral schedules were not found by the

Mr. Bowers, counsel for the New York air. Bowers, counsel for the New York authorates, followed Supt. Por er in a rejonder of some length, and showed that allowing for every discrepacy there were still more than 400 inhabitants of the Second Ward who were not enumerated by the Federal enumerators. Mayor Grant's Secretary, Spier, was permitted to make a satement, in which ne occlared hat the official returns of the Second Ward, as furnished by Supt. Forter, did not contain any of the names given by the two enumerators in their lengths in reports as caving been properly enumerated in June last.

Mr. Howers then conducted his argument and at 1.30 the committee adjourned.
